

KODAK Color Negative Telecine Analysis Film (TAF) Now on KODAK VISION3 500T Color Negative Film

Kodak is pleased to announce KODAK Color Negative Film TAF is now available on KODAK VISION3 500T Color Negative Film 5219 / 7219, in 35 mm and 16 mm formats. VISION3 500T Film gives you more control and flexibility at every phase of the filmmaking process in both digital and traditional workflows. Extended highlight latitude gives you greater flexibility when lighting extreme situations, and lets you pull even more detail out of highlights.

In addition, Kodak now offers discounted pricing for multi roll purchases of Telecine Analysis Film (TAF).

No. of Rolls	Discount
2	10%
4	20%
8	50%

The following listings are now available and will be included in the next update of the KODAK Motion Picture Products Price Catalog.

Change in Availability for KODAK Telecine Toolkit and Included Items

The KODAK Telecine Toolkit (CAT No. 8930828) has been discontinued and will be removed from page 47 of the KODAK Motion Picture Products Price Catalog. In addition, the KODAK Color Negative Film (TAF) on KODAK EKTACHROME film currently included in the toolkit will not be available as a stand alone product.

Other components of the toolkit will be available individually as shown below and will be added to the catalog.
