

Health, Safety, and Environmental
KODAK Onsite Consulting Services
Environmental Assessment Review

Catalog Number: 859 0432

Purpose

An on-site evaluation of processing facility operations to assess compliance with current environmental (air, water, or waste) regulations.

Benefits

Kodak technical specialists will work with the customer to define specific plans for complying with environmental regulations.

Recommended Procedures

Provide escorted access to the facility being assessed. Provide copies of facility environmental programs and permits, and answer all pertinent inquiries.

Kodak Deliverables

Perform an on-site evaluation and provide the customer with:

- Identification of regulations that may apply
- Complete environmental assessment of the site
- Recommendations for improving the photographic processing facility's environmental management and compliance programs
- Detailed implementation plan

Kodak will provide a written report within 5 business days of evaluation, unless otherwise stated. The report will include a complete assessment of process performance and product interactions, as well as recommendations for future activities.

Ordering Information

Cost to be determined based on the Terms and Conditions stated in the Service Agreement and agreed upon scope of work. Contact your local Customer Service Representative or Kodak office for price and availability in your area.
