

Health, Safety, and Environmental

KODAK Onsite Consulting Services Indoor Air Quality and Noise Assessment

Catalog Number: 191 6014

Purpose

An on-site evaluation of photographic processing areas and employees' work processes.

Benefits

Reduction of employees' exposure to chemicals, noise, and potential indoor-air quality concerns.

Recommended Procedures

Provide escorted access to the facility being assessed and answer all pertinent inquiries.

Kodak Deliverables

Perform the on-site evaluation and provide the customer with:

- Recommendations for improving photographic processing facility's ventilation systems
- Suggestions for reducing employee exposure to chemicals and noise in the workplace

Kodak will provide a written report within 5 business days of the evaluation, unless otherwise stated. The report will include a complete assessment of process performance and product interactions, as well as recommendations for future activities.

Ordering Information

Cost to be determined based on the Terms and Conditions stated in the Service Agreement and agreed upon scope of work. Please contact your local Customer Service Representative or Kodak office for price and availability in your area.
