KODAK Onsite Consulting Services Wastewater Pre-treatment Permit

Catalog Number: 821 2292

Purpose

Assist the customer in obtaining and negotiating wastewater pretreatment permits for a photographic processing facility.

Benefits

Reduction of delays and address problems typically associated with issuance and renewal of wastewater permits.

Recommended Procedures

Provide escorted access to the facility being assessed; provide copies of existing permits, analytical, or effluent characterization data; and answer all pertinent inquiries.

Kodak Deliverables

Perform an on-site evaluation and provide the customer with:

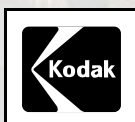

- Identification of regulations and parameters that may apply
- Analytical assessment of wastewater (if necessary)
- Complete municipal pre-treatment survey (if necessary)
- Negotiation with local authorities (if necessary)

Kodak will provide written documentation within 5 business days of the onsite evaluation. Follow-up on the initial evaluation may be provided upon request by the customer. Minimal cost includes the visit and follow-up. Analytical costs are not included. Additional time, billed in four-hour increments, may be required.

Ordering Information

Cost to be determined based on the Terms and Conditions stated in the Service Agreement and agreed upon scope of work. Contact your local Customer Service Representative for price and availability in your area.
