

Health, Safety, and Environmental
KODAK Onsite Consulting Services
Workplace Safety Review

Catalog Number: 140 8764

Purpose

An on-site evaluation of processing facility operations to assess facility and employee safety issues and the facility's compliance with current workplace health and safety regulations.

Benefits

Improved health and safety programs with application of regulations that apply to the facility. Kodak Health, Safety, and Environmental professionals assist the customer in defining specific plans to address compliance.

Recommended Procedures

Provide escorted access to the facility being assessed, provide copies of facility health and safety programs, and answer all pertinent inquiries.

Kodak Deliverables

Perform the on-site evaluation and provide the customer with:

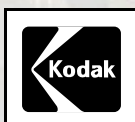

- Identification of applicable regulations
- Complete assessment of the site
- Recommendations for improving the facility's health and safety management and compliance programs
- Detailed implementation plan for the facility

Kodak will provide written documentation within 5 business days of the evaluation, unless otherwise stated. The report will include a complete assessment of process performance and product interactions, as well as recommendations for future activities.

Ordering Information

Cost to be determined based on the Terms and Conditions stated in the Service Agreement and agreed upon scope of work. Contact your local Customer Service Representative for price and availability in your area.
