**Health, Safety, and Environmental Training CDs**

**KODAK Electrical Safety Awareness Training CD Series**

*Safety in the Office Environment* 1118140\* 1

This course provides information on the proper use of electrical cord and plug-connected equipment. Participants will also learn basic electrical safety principles and practices.

*Safety in the Workplace* 1773670\* 1

For anyone who works near electrical energy. This course provides training on common electrical hazards and effects of electricity on the body. Topics include de-energizing equipment, inspecting cords and plugs, operating electrical disconnects, GFCIs, and techniques for warning others.

*Safety for the Electrically Qualified Person* 1413475\* 1

**KODAK Ergonomic Training CD Series**

*Back Awareness* 8677346\* 1

For those who may perform assembly or manufacturing work that puts the back at risk for injury. This course focuses on ways to identify and eliminate musculoskeletal risk factors associated with lifting, reaching, and pushing. Learn safe lifting techniques and stretching exercises. Learn to identify on-the-job risks and report injuries.

*Computer Workplace* 1453299\* 1

This course focuses on ways to identify and eliminate health dangers in computer work. Participants will learn risk factors for repetitive motion injury, adjusting the office workstation for the individual, safe work techniques, reporting-on-the-job risks and injuries, and warm-up stretching exercises.

*Manufacturing and Maintenance Operations* 1705573\* 1

For those who may be at risk for Cumulative Trauma Disorder (CTD) due to the type of work they perform. This course takes a two-pronged approach to CTDs - ergonomics and fitness. Ergonomics teaches employees how to fit the job in their abilities. Fitness builds capability. Participants will learn to identify on-the-job risks and injuries and learn warm-up and stretching techniques.

**KODAK Safety Awareness Training CDs**

*Lockout/Tagout for Authorized/Affected Employees* 8847899 1

*Hazard Communication* 1977198 1

*Hearing Conservation* 8756421 1

*Respiratory Protection* 1325927 1
